Memorial Race On Summit To Be Run Saturday

7th Annual Classic Draws Many Entrants For This Weekend

by FRANCES COUILLARD

SODA SPRINGS—The Donner Trail Memorial Race has been set for March 26—next Saturday.

We are sorry that we give such short notice but even though our nights have been frozen ones with the thermometer's needle hovering around zero—the days have been warm enough to sluff off the stuff and send it rolling toward the rivers and lakes. Our problem was "will there be enough of a snow carpet between the Summit and Emigrant Gap for the 'lopers' this year?" The storm that gave us our first "close out" a couple of weeks ago settled the question and the good standbyers gave the word. So here we go again with the 7th Annual Donner Trail Memorial.

Amazingly—even though we got out our invitations so late—applications are coming in steadily. We hear by telegram that Even Johansen (Anchorage, Alaska)—last year's winner is on his way to try and beat his last year's record of a little over three and one-half hours for the 26-mile challenge. (Incidentally, the record run was made by Hans Holaas in 1951—three hours and seven minutes.)

We are not even sure that our trophies will arrive in time, but if the boys and girls want this competition (and we are finding out that they do) we'll see that their trophies will be delivered. We expect the Tri-Pass cross country enthusiasts in, as usual—and as usual hope that one of our "locals" will get in that extra sprint that will make him (or her) a winner over the Tri-Pass group, for each year the Tri-Passer's have carted away the Donner Trail Memorial trophies.

Last-minute plans did not allow for our fund raising party this year (in case you missed it) so good Glenn Parsons of Trailsyde Lodge appointed himself a committee of one to go a-begging. Picked up a tidy sum, too! Enough, we believe, to carry on the race that is traditional.

So—plenty of parking space on Highway 40 for you to witness the Donner Trail racers which will leave the Summit around 9 a.m. (racers are scheduled to leave every 30 seconds) and its anybody's guess when they'll come in at Rancho Sierra at Emigrant Gap.

Families seem to predominate this year. The Werner Schopfer family of Oakland—two brothers, a sister and a new son-in-law—all send in applications. The Major Huber family of Travis A..F.B.—Major, wife and son—have applications on file.

In case you've forgotten: Juniors (under 18) are permitted to run but three miles of the course that portion from the Summit to the Soda Springs Ski Hill. Women take up the course at Rainbow Tavern and carry on to the end of the track—Rancho Sierra. All the entries go the full 26 miles—Veteran, Interscholastic, Foreign and Class A.

Completion pins which are engraved with a replica of the Donner Monument are given to each completor—with trophies given to first, second and third place in each division—except the Junior Division. The Junior Division—divided into three parts—is awarded a trophy for the winner in each division.

We hope to see your car parked on Highway 40 next Saturday to cheer on the tired "lopers" as they strain toward Emigrant Gap.

O'Rourke Chosen As Teacher For Course

The Sacramento State College has appointed Everett V. O'Rourke, superintendent of the Tahoe-Truckee Unified School District, to teach a course in reading for the teachers of the Sierra Plumas Unified School District.

This course will begin on Saturday, March 26, and continue for six consecutive Saturdays; each class session will last two hours. O'Rourke will be assisted in teaching part of the course by Mrs. Patricia Butterfield, speech therapist for the Tahoe-Truckee Unified School District.

ROBBER IS SENT TO SAN QUENTIN

Superior Court Judge James Snell denied probation for Gerald Williams, who plead guilty March 9 to second degree burglary committed September 30, 1954, in Truckee, and was sentenced to 1 to 15 years in the state penitentiary at San Quentin. This sentence is to run concurrently with the sentence Williams is currently serving for burglary in San Francisco.

Ill at Home—

Mrs. Mary Zunino was ill at her home on Monday.

Tahoe Boy Wins Speaker Contest At Lions Session

Barney Gilmore, representing the Lake Tahoe Lions Club won the decision of the judges at the Lions Club's zone student speakers contest at the high school last night.

Tied for second place were Mary Lou Johnson, representing the club at Nevada City, Sharon Rolph of the Grass Valley club, Charles Alexander of Colfax and Loma Sorensen of the Truckee Club.

The judges were Randall Ross, Dr. Myers and M. R. Southworth all of the Reno Toastmaster club. Timekeepers were Nat Quilici, Jim Brehler and the tellers Richard Little and Robert Saunders.

The Tahoe Truckee high school band entertained between speakers and Earl Stice presided at the session with Charles Heller as the program chairman. Heller is the zone chairman.

Trophies were awarded to all contestant. More than 150 attended the meeting.

SCHOOL CARNIVAL WILL BE HELD AT HIGH GYM TONIGHT

The annual carnival sonsored by the Tahoe-Truckee High School student body will be presented tomorrow night at 7:30 in the high school gymnasium. Each class and organization is working hard on the booths, decorations, and entertainment to attempt to make the evening a success.

A special feature of the program will be a performance of authentic Indian dances by a student delegation from the Stewart Indian School. This same group of Stewart students presented a similar program during pre-game basketball activties earlier this year and because of the reception awarded this performance, the school consented to be a part of the carnival pageant.

This annual carnival is the largest student body money-making project. The entire proceeds go to help defray the cost of the high school year book. Admittance to the carnival is free. All of the communities are asked to join in the fun and excitement.

Delinquency Date For Taxes Advanced 10 Days

Nevada County Tax Collector Elma Hecker this week called attention to the fact that the current installment of county taxes will become delinquent 10 days earlier than usual.

The new date for delinquency is April 10 instead of April 20 and taxpayers are urged to scan a legal notice elsewhere in today's Sierra Sun for details.

Father Of Former Local Bank Manager Expires

Funeral services were held in Sacramento on Tuesday for Andrew J. Scott, father of Ray Scott of Chowchilla and former Bank of America manager in Truckee.

The deceased, a frequent visitor here, had been a resident of the Capital City for 53 years, and was a native of Providence, R. I.

Chamber Directors Discuss Future Plans

A number of important issues for the coming summer season were discussed at a luncheon meet of the directors of the Truckee Chamber of Commerce at the St. Louis Cafe yesterday. President Hal Welch presided. Fred Schultz and Red Waddell represented the Kings Beach area at the session.

DAUGHTER BORN

Mr. and Mrs. Steve Kolos became parents of a daughter Tuesday at the Tahoe Forest Hospital. The little girl weighed 7 pounds and 8 ounces on arrival and has been named Kristy Kay. Dr. George Hahn was the attending physician.

POT LUCK SUPPER

A Boy Scout recognition meeting to include a pot luck supper, will be held in the high school cafeteria tonight starting t 7 p. m.

Polio Vaccine To Be Available For Local Children

Two Grades Chosen Here For Salk Vaccine This Spring

Parents of all children in the first and second grades of the Tahoe-Truckee Unified School District will be given an opportunity this spring to have their children receive the Salk polio vaccine.

Necessary forms will be sent parents of these two grades Monday, March 28 and those wishing their children to participate in the program are asked to return the forms immediately to determine the amount of vaccine needed for this area. Because of the limited time before schools are recessed for the summer, prompt action must be taken as soon as the vaccine is released.

However, if the evaluation report is unfavorable, no polio vaccine will be available.

The children of the grades mentioned have been chosen in accord with a nation-wide plan developed by the health and educational authorities because this group has a higher incidence of polio and because accessibility in schools will speed completion of the program.

The National Foundation for Infantile Paralysis will provide, through the March of Dimes, sufficient amounts of the vaccine to the California State Health Department so that it can be given the first and second graders under the supervision of local doctors.

After the vaccine is licensed, manufacturers will make available for purchase supplies of the medicine to be given by physicians to others and local doctors may be asked about it.

The evaluation report, based on previous studies, is expected about April 1 from Dr. Thomas Francis, Jr., who is in charge of the poliomyelitis evaluation center at the University of Michigan. If the Salk vaccine is licensed for use this spring the routine for administering it will be determined by local health officials. It is reported the reaction is no more severe than the diptheria-tetanus injections.

AUDUBON SESSION WILL START ON SUMMIT JUNE 26

Summer sessions of the 1955 Audubon Camp at Norden will begin on June 26, according to John H. Baker, president of the National Audubon Society which operates the camp.

Five two-weeks sessions are designed to give participants an acquaintance with all phases of naturer and conservation. Situated in the midst of the High Sierra at the Sugar Bowl Lodge, the camp location is ideally suited for nature study. Field trips to Lake Tahoe and the Nevada desert are included in the camp program.

Enrollment is limited to 50 campers per session. Two units of upper division college credit are available for the session.

The California camp is one of four operated by the National Audubon Society—the others are in Maine, Connecticut and Wisconsin—as a means of increasing public knowledge and interest in the out-of-doors as well as presenting a practical method of nature and conservation education.

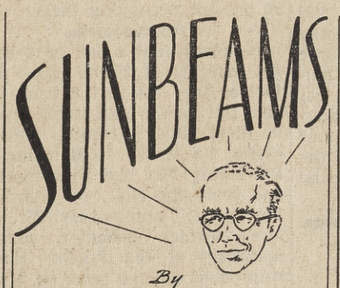

ONLY THREE FILE FOR UTILITY POSTS

With Saturday the final date for filing nomination papers as candidates for the office of directors of the Truckee Public Utility District at the election in May, only three names have been entered.

They are those of Rex Reid, contractor; Hal Welch, restaurant operator, and Jack Neugebauer, theater owner.

The terms of E. L. Loynd and H. T. Langille expire this year and both have declared they are not candidates for reelection and do not care to serve another term. C. R. Heller is the holdover member of the three-man board.

SUNBEAMS

By WALTER M. BARRETT

Efforts of California legislators and other officials in both the state and national capitols to prevent any damage to this section of the state through construction of the proposed Washoe Project should be gratifying to residents of the area. These people are apparently unanimous in their desire to see that the huge reclamation project will not in any way destroy fish and game nor cause damage to the vast recreational resources or potential industrial development of the region. Their support in our behalf must be appreciated. However, these officials have many other matters of concern and it remains for progressive organizations and individuals to continue to point out the dangers to potential growth and development of the region, if the project is allowed to proceed as currently proposed. Service clubs, chambers of commerce and others should interest themselves in the matter and be prepared if need be to put up a solid front to protect our inherent interests.

——*

After talking with officials of the Nevada State Fish and Game Department, we have reached the conclusion that the many problems confronting the sportsmen in this great recreational area can be solved through joint efforts from both sides of the state line. A willingness to cooperate in fish and game matters was expressed sincerely by our neighboring officials and we have every reason to believe that by working as a team, considerable good can result. Certainly sportsmen from both states have much to gain through cooperation and this cooperation we recommend wholeheartedly.

SALARY SCHEDULE FOR TEACHERS IS ADOPTED IN MEET

A new schedule of salaries for teachers in the schools of the Tahoe-Truckee Unified District was adopted at a meeting of the governing board last week.

The new schedule sets up two new categories but otherwise is the same as the one which has been in effect, Superintendent E V. O'Rourke explained.

Under the new schedule, non-credential teachers receive from $3300 to $4500 a year. There are only one or two in this schedule. Class II provides for salaries ranging from $4100 to $5660, and a new category, IIA provides for a range of $4220 to $5780. Class III stipulates a salary range from $4340 to $5900, and the second new group, IIIA sets up a range of $4460 to $6020.

Class IV provides pay of $4580 to $6140, while the highest category is from $4820 to $6380.

All schedules are based on degrees, credentials and units held by the teachers, O'Rourke said.

Elected VP in South—

Douglas Barrett of Sacramento was elected as a vice president of the California Republican Assembly at the convention held at Pasadena last weekend.

Brothers Visit—

Capt. Rolland Gautsche of the California Highway Patrol of Los Angeles was a visitor at the home of his brother and sister-in-law, Mr. and Mrs. William Gautsche. Captain Gatusche has been teaching at the patrol academy at Sacramento and during his stay here was taking photographs and studying different types of highway in this vicinity.

Gordens Here—

Mr. and Mrs. Gail Gordon of Grass Valley were Friday business visitors here and at Lake Tahoe.

In Roseville—

Mr. and Mrs. John Street and daughter, Cathy, were guests of Mr. and Mrs. Miles Curan at Roseville, returning this week.

Compact Bill Is Changed To Add More Members

Seven Members Will Make Up Committee Under New Plan

State Senator Harold T. Johnson, co-author with Senators Brown and Berry of SB 935, designed to create a California-Nevada interstate water compact committee, has succeeded in having the measure revamped to increase the number of members on the California committee and thus give affected areas more representation.

The bill, which has been rereferred to committee, now provides for seven members instead of five as originally specified. Six of the seven members will be appointed by Gov. Goodwin Knight and the seventh will be the state engineer.

As the bill now reads, one member shall be chosen from Sierra or Nevada County; one from Placer County, one from Mono County, one from Alpine County and a member at large to represent the Lake Tahoe area in California.

The change in the bill was asked by the Truckee Chamber of Commerce, Lake Tahoe interests and others when it was learned that the Nevada committee would comprise seven members.

A bill in the U. S. Senate will provide for a federal commissioner to work with the California-Nevada group.

The compact was asked by Governor Knight to clarify disputes between interests in the two states relative to the proposed Washoe Project. Certain features of the project are opposed by California interests as being threatening to future water power potentials, fish life and the change which might result in the level of Lake Tahoe.

Questionnaire Return Fails To Show Trend On School Suggestion

Only a few returns from the more than 250 questionnaires sent to parents of children from kindergarten to the seventh grade, seeking their views on a question of whether or not pupils of the seventh and eighth grades shall stay in the high school or be returned to their respective elementary schools for study.

Superintendent E. V. O'Rourke said the early returns have not been scanned and that the few thus far received could not tell the story sought by the governing board.

The questionnaires cited many suppositions in connection with the suggestion that children be returned to their local classes. Costs were cited to show the amount that would be required to construct additional classrooms, employ extra teachers and services should the students be scattered.

Also pointed out were the advantages of a wider scope of studies under the present system of having the seventh and eighth grades at the high school plant.

"While the board will not be bound by the results of the questionnaires, they will have a definite bearing on the future planning," O'Rourke said.

TAHOE CLUB WILL ATTEND RENO MEET

The Squaw Valley-Lake Tahoe Ski Club expects to have representatives at the third of a series of junior ski school to be held at the Reno Ski Bowl on March 27 and those wishing to enter must have their entry sent to Jerry Wetzel at Reno, before that date.

Events are open to all boys and girls in northern Nevada not members of organized school ski teams, with no entry fee. The Reno Ski Bowl has extended rope tow privileges to students free of charge. Ribbons will be awarded for placing among the top five in each event, with medals to weekly winners and trophies to seasonal winners in each event.

BROKEN LEG

Charles (Skip) Sherman of Hayway sustained a broken leg Monday while skiing at Squaw Valley and was treated at Tahoe Forest Hospital.

Margaret Edmunds Rites Held; Died At Home Monday

Last rites for Mrs. Margaret Kyle Edmunds, 67, prominent Truckee resident for the past 38 years, who died at her home here early Monday morning, were held yesterday morning at the Truckee Colonial Mortuary and cremation followed at East Lawn in Sacramento.

Mrs. Edmunds, wife of C. Edmunds, manager of the Truckee Public Utility District, had been in ill health for the past three years or since she suffered a stroke while visiting at Reno. Although not well, she had apparently been improving and Sunday enjoyed a motor trip and picnic, and her sudden passing came as a distinct shock to her family and friends.

A native of Belfast, Ireland, the deceased was born February 14, 1888. When a young woman she went to Vancouver, B. C., where she met and married her surviving husband 47 years ago, on March 1, 1908.

The family later moved to Reno and in 1917 came to Truckee where Edmunds held a responsible position with the telephone company. The family has resided here since that time.

There are four children, Kyle C. of San Francisco, Major Earl A. of Reno, Lovette Buell of San Francisco and Elfie Fitzgerald of Fresno.

Mrs. Edmunds was an active outdoor woman until her illness three years ago and won many praises for her horsemanship, and her mounts were frequent winners at horse shows throughout the country.

Her many friends throughout the area will join in expressing heartfelt sympathy to members of her family.

BAY COUPLE HURT IN AUTO COLLISION

Mrs. Mildred Jones, 42, San Francisco, is still in a serious condition at the Tahoe Forest Hospital as the result of an automobile collision one mile west of Truckee Friday night.

A car driven by her husband, Laurie, collided headon with one driven by Louis Goicoa, 23, of Truckee, driving west. State Patrolman Martin Sturcke and Roy Stallard who investigated, said the Jones car was forced off the highway by a third vehicle which did not stop. The Jones vehicle hit a rock, got out of control and came back into the path of the Goicoa machine.

Goicoa, accompanied by his infant child escaped with minor injuries and the baby was not hurt.

Jones expected to be released from the hospital today.

WARM, DRY WEATHER CONTINUES HERE

Warm, dry weather continues to feature the local weather picture. There has been no precipitation for the past two weeks and the snow in Truckee is virtually gone. The division of highways reports only one inch at Cisco, 13 inches at Soda Springs and 21 inches at Donner Summit.

The forecast is for continued fair weather at least through tomorrow.

On South Trip

Dr. and Mrs. George Hahn are leaving for Los Angeles Sunday, where he will attend a medical convention. They will continue into Las Vegas and Mexico where they will visit Mr. and Mrs. Harold Langille and Mr. and Mrs. Vern Shattuck.

Mr. and Mrs. E. L. Loynd plan to meet the Hahns at Las Vegas.

CANCEL PROGRAM

Family night scheduled for Friday evening by Truckee Lodge No. 200, F.&A. Masons, has been cancelled, Tomas Lucas, lodge master, announced.

BREAKS ARM

Bonnie Fair is in Tahoe Forest Hospital with a broken right arm, having fallen while at school on Monday.

Young Boys In Stolen Car Give Officers Trouble

Shots Fired As Patrol Car Overtakes Speeders At Donner

A wild chase down Donner grade late Tuesday night ended with the arrest of two teen-age boys charged with stealing a car, defrauding a service station keeper and attempting to evade arrest by two officers of the California Highway Patrol.

The car occupied by the two boys, age 14 and 15, from Loomis and Auburn, was stolen from Applegate about 9 p.m. The theft was witnessed by an Applgeate resident who immediately notified the highway patrol.

While Officers Kenneth Armbruster and Jack Coe started pursuit from Auburn, the Truckee office was notified and Patrolman Martin Sturcke and Lyle Tice, attending a squad meeting, started west.

The local chase was hurried when Lonnie Goss at the Kingvale Service Station advised the local officers that a car answering the description of the one stolen had stopped, ordered gasoline and then had rushed away without paying.

Near Donner Summit, at 10:30 p.m, Tice and Sturcke recognized the car and took up the chase. As the vehicles roared down the grade with the police siren screaming, the car in front several times attempted to force the pursuing vehicle off the road.

As they neared the foot of the grade Officer Stice fired twice at the car in front, one bullet striking a rear tire. In an effort to lose the officers, the boys turned sharply into a side road at Donner Lake Lodge and ran abruptly into a snowbank.

The officers approached the car cautiously but the occupants offered no resistance. They were armed only with a sharp-pointed beer can opener.

Armbruster and Coe arrived on the scene later and returned the two to juvenile officers at Auburn.

TOBIASSEN NAMED TO REPLACE STOLL AS BOARD MEMBER

Gov. Goodwin J. Knight has announced the appointment of Elton A. Tobiassen of Nevada City as a member of the board of directors, 17th District Agricultural Association, Nevada County, to succeed Vernon Stoll, Grass Valley, resigned, for a term ending January 15, 1959.

At the same time the governor announced the reappointment of Francis W. Viscia, Grass Valley, as a member of the board of directors of the 17th District Agricultural Association for a new term ending January 15, 1959.

Tobiassen is assessor, collector and treasurer of the Nevada Irrigation District, a position which he has held since 1949.

Viscia is a ranch owner and manager of a feed and supply firm in Nevada County.

BUEK INJURED IN OLYMPIC TRYOUTS

SODA SPRINGS—Dick Buek, Olympic skiing hopeful, who was granted a leave from his overseas duty in the armed forces to participate in the tryouts at Stowe, Vermont, had the misfortunate to break a vertabrae in his back last Wednesday.

Buek was practicing on the slope and fell. He was taken to a veterans' hospital near the scene of the accident but hopes to be transferred nearer home for recuperation.

Past Officers Honored At PTA Meeting Here

Mrs. Gilbert Kumle, who was installed as presidentof the Truckee Elementary School Parents and Teachers Association on March 4, was presented with a gift for her work during the past year.

Mrs. Earl Brown was presented with a corsage after the ceremony. Francis Robichaud and Lynn Kishbaugh were installed as first and second vice presidents, Mrs. Martin Sturcke, secretary; Mrs. Ben King, treasurer and Douglas Wilson, parliamentarian.

Mrs. Lyle Wescoatt was refreshment chairman.

More Buick Sales Are Reported By Osburn

C. E. Osburn of Osburn's Buick Garage reports the sale of three new Buicks during the past few days. J .W. Patton is driving a new Century while B. F. Conrad of Reno has a new Special Riveria and William Martin of the University of Nevada is the proud possessor of a new Century station wagon.

NEWS NOTES FROM TAHOE

By Ethel Joslin Vernon
Box 636, Tahoe City.
Telephone Tahoe 62

The beautiful spring-like weather still holds out in the Tahoe area, and some of the older Tahoeites who have spent many winters here hold their breath at times, view the clear sunny skies, and wonder—can this miracle weather really last into the spring season? For it has been a most unusual late winter, with only one real storm and that one not severe enough to bother anyone a lot. All the willows, alders and cottonwoods along the lakeshore commons are in full bud for new leafage, all the summer birds are coming in and some of them have started building nests in sheltered places. We know, for last week the east wind blew fiercely for a short time, we found two half-finished nests where they had been blown out of the bare tops of the bushes.

Roads All Open

On Sunday when we drove around the lakeshore highway we found the road all completely clear of snow and in excellent condition from Tahoe City around the north shore and all the way to the south end Y. The block of markets at the Y are open for business and several coffee shops and cottage courts between there and Bal Bijou are operating. The Gateway Club, formerly owned by George Cannon, and very recently purchased by Harrah's of Reno, has been torn down to the bare framework of the building, and its new owners are preparing to build the walls new, mostly of building blocks. Mr. and Mrs. Cannon have recently taken over the Senator Restaurant and the bar in Carson City.

Building at Tahoe

Here at home in Tahoe City A. G. Cook's new business building, which has been under construction throughout the past winter, is practically completed this week. The large building will operate as a sports goods store, featuring fishing tackle and accessories. The business is expected to open early this summer, and the manager is to be Harry Mead, who formerly operated a liquor and fishing goods store in the Sunnyside locality. The second-story front apartments in the new building are now finished and furnished, and Mead, with his brother and family, are at present occupying them.

Anniversaries

It seems that a lot of couples get married at Tahoe these days just as they did in the long, long ago. During the past week several of them have celebrated anniversaries. On March 14 Malcolm and Pat Henry Fox had been married one year—the first, we believe is the "paper" anniversary. Mr. and Mrs. Herman Schaefer, present managers of the Pfiefer House, were married one year on March 17. Mr. and Mrs. Rusty Frodenberg are another couple who observed their wedding anniversary on the 17th, celebrating their marriage and St. Patrick's Day all in one. It was a snowy St. Patrick's when the Frodenbergs took their vows at the top of Squaw Peak, and the pair came flying down the slope on skis after the ceremony, the bride wearing ski trousers under the filmsy gown and veil.

Spring Vacations

Tahoe residents out on spring vacations during the past week were several, and places they vacationed in were varied. Mrs. Bernie Bechdolt and baby Michael have been spending the week on a visit to Bernie's parents in Pasadena, and are expected home within the next few days. Mrs. Pat Vanni, accompanied by Mrs. Jean Henry of Granlibakken, motored to South San Francisco a week ago Sunday for a three-day visit with friends and relatives. They made headquarters at the home of Pat's brother-in-law and wife, Mr. and Mrs. Carlo Vanni. They also visited with Carlo's mother, Mrs. Diamanta Vanni, who formerly lived in Tahoe City for many years in the past. Among those returning from winter vacations last week were Mr. and Mrs. Don Painter and small foster doughter, Donna. They spent most of the winter in Pasadena, are once more occupying their Lake Forest home and getting ready to open their summer business here.

Visit Homes

Among summer residents who visited homes on the lake recently were R. E. Swearingen and son, John, from their winter place in Mill Valley, who opened their Carnelian Bay house for a few days to make preparations there for the approaching summer season. Swearingen is also preparing for a trip to New York City in the near future, and plans to take his young grandson, Stephen Bull, with him. It will be Stephen's first real trip, as he has heretofore spent his first four years with his parents in Sacramento. Other Tahoe summer residents who visited their lakeshore home and Tahoe City friends over the past weekend were Mr. and Mrs. R. S. V. Thomas who were residents here for many years in the past. The Thomas' have spent the past several winters at their ranch home near Bowman.

On Motor Trip

Mr. and Mrs. N. R. Mayfield of this city have, for the past two weeks, been enjoying a motor tour through the coastal areas where sunny beaches invite and sea breezes blow. They are expected home sometime this week. In their absence Mayfield's nephew and wife, Mr. and Mrs. Pete Ables have been occupying their home and looking after things, including the Mayfield's pet beagle.

Enjoy Sports

Many snow sports enthusiasts are still spending short vacations in this locality every week, in spite of the fast disappearing drifts and days of sunny weather. During the past week a group of Stanford University Research Department members rented the Dorothy Forbes home on the lakeshore cliffs south of town for a few days vacation, and spent much of their time in the Granlibakken ski area. Up in Squaw Valley a long caravan of buses pulled in with the dawn of the weekend, and unloaded a capacity crowd of snow-vacationists.

Greetings

A St. Patrick's Day message of cheer came right on schedule from a couple of the most loyal Tahoe-Irishmen who ever "topped-the-mornin'" to Tahoe friends. They are Mr. and Mrs. C. O. Valentine, old-timers of Tahoe from many years past, whose home at present is in Costa Mesa. The Valentines spent the greater part of the winter traveling about the world, mostly by airplane. Now they are back in their coastal home again for a while it seems. Cheerful greetings to them from their many Tahoe friends.

Move to New House—

Mr. and Mrs. Ralph Bretthauer and children are moving into the house at Gateway Park they recently bought from the builder, Jack Wolert.

The first radio network, connecting WEAF, New York, to WNAC, Boston, was opened on January 4, 1923.

Celery seeds are light brown in color and small in size, rarely exceeding one-sixteenth of an inch in length.

NORTH TAHOE

By JUDGE HARRY CHARRISON

Oh what a beautiful morning! Oh what a beautiful day! This is Saturday morning, brilliant, crisp and dry and we are indeed fortunate as far as our weather is concerned. Hearing the reports of weather conditions of all parts of our country, blizzards, dust storms, heat, rain, fog and smog all jumbled up to make life miserable for those unfortunates who have to make a living in those parts, my suggestion is come to the shores of Lake Tahoe and enjoy life with us.

Our old friend and neighbor, Shorty Astel, is back at Kings Beach. I believe he is associated with Gene Faulker of the Tahoe Plumbing Co. We are glad to see Shorty home again.

I have said time and again that we have many real talented young folk in our midst, if only they are given an opportunity to show them. I am now talking of the essay that won for Carol Street first in the competition at the Tahoe-Truckee High School. It was an excellent article and timely too, I say let our young people speak out, and we older ones can benefit a whole lot by their wisdom. Very good, Carol.

Heard quite a commotion at the Crystal Bay Club last Wednesday and upon investigating found it was Charlie Cagle celebrating his birthday. Try as I might, couldn't get to know his right age. Anyway wish him a happy birthday.

Post 7077, V.F.W., held their meeting on Friday, March 18, at Crystal Bay Club instead of March 16, the usual meeting date, so members could cooperate with the firemen's benefit show sponsored by Tom Lucas, owner of the Brockway Theater. It was a very successful meeting and they were honored by the Nevada state commander, Joe Feldstein, and nine other guests from Kit Carson Post 3726 of Carson being in attendance. A talk was given on the affairs and benefits of veterans of the last World War and the Korean War. All the members received some valuable information concering their rights and benefits, all those that attended were full of enthusiasm for the future, and another visit is anticipated for the very near future.

Coming activities of the V.F.W. will include a presentation of the Bill of Rights and the Constitution of the U.S.A. To the Kings School. The vets received a hearty vote of thanks for the erection of the flag pole at the school. The officers wish to inform any veteran of foreign war that they are welcome to attend any meeting.

Work on improvements at Cal-Neva Lodge at Crystal Bay has already started, and I understand Fred Miller, Kings Beach contractor, is doing the work.

The district convention of the Lions District 4 of the Lions International, which will be held at the Kings Beach area in May is fast being rounded into shape. The Cal-Neva Biltmore will be the headquarters, and most of the resorts will benefit by housing some of the delegates which should number around 500. Dr. Cy Kerren, past district governor, is in charge, with Cloyd Sipes and Red Waddell holding up the local co-chairmanships and insofar as this is coming in May, there will be lots of opportunities for the visitors to take in everything in the way of entertainment, Mike Konazowich is chairman of a golf tournament. There will also be trips to the south end of the lake and a hundred and one things to make their visit enjoyable, according to President Walter Mandeville.

At the service of the Kings Beach Community Church last Sunday morning, we had the pleasure of welcoming new members, Roy and Mrs. Woodhull and their son. The sermon by Rev. Covher was "The Timid Friend." It was announced there will be the quarterly conference on May 3. Choir practice is being held on Friday evenings at 8 p.m.

Oh, yes: Mrs. Franklin and her two children became members of the church and the children were also baptized at the morning service. Mrs. Franklin is also a choir member.

Now we can watch for the opening of the Buckhorn Inn. Tom Sutton is as busy as a bee.

Had a card from the Andy Andersons who are summer residents on the golf course. Andy runs a clothing store in Tucson, Ariz., and they are looking forward to the summer, but maybe not till August, worst luck.

Received a very nice note from Mrs. Bradley Wallace of Brockway, mailed at Calcutta, India, telling us that she and Mr. Wallace are having the most wonderful time. India is wonderful, they also visited Hong Kong, Manila, Japan, and Bangkok. They expect to be back at the lake around the latter end of June.

Leo and Mrs. Ralston made a quick trip to their home in Kings Beach. They are from Roseville and have a nice new home here on the lake side of the highway.

Steve Riolo of Riolo's Inn was up over the weekend, taking his shutters down just to have a look see, now according to Steve everythink is OK and it won't be long before he comes up for the summer.

Quite a sight to see the boats out on the lake, and it won't be long now, just one week and the California side will be open, so we shall expect quite a number of fishermen up from down below. Fancy beautiful trout all through the winter, it has been wonderful.

Lots of activities around the Cork'n'Net this weekend. Looks as though they will be opening up pretty soon.

Young Walter Mandeville, Jr., says it will be just about three months before he will be getting his cast off. I understand the break was a pretty bad one, hence the long period of convalesence. It will soon pass, Skip.

Witehill Ski run closed officially Sunday with a brilliant tournament among the members, eleven taking part, advanced and intermediates. Walter Mandeville who was the instructer tells me they went through the winter season without a single accident to any of the members and most of the youngsters were outstanding in their performance, the top one being Harold Mesmer with only a months' instructions. Each of these up and coming skiers was presented with a medal. The firsts in each rivision were Micky Lee, Jerry Gansberger and Harold Mesmer. Seconds were Penny Gunther, Teddy Gansberger and Valerie Mandeville. Thirds: Susan Amundson, Danny Hedlund, Sammy Bradey. Others following were Lynn Bitler, Teddy Gansberger, Butch Delroy and Kenny Bitler. The instructor was highly commended for his contribution.

Just talking to Alice Sorensen and she was telling me all about Andy and his trials. An operation was performed last Friday, and Andy will have to stay in bed for three weeks. We sincererly hope it will be most successful, anyway it will be some weeks before he is home. He is in the Vets hospital at Fort Miley in San Francisco. A card to Andy would be fine, as someone would read it to him. Let use all keep our fingers crossed for the recovery of friend, Andy.

Mr. and Mrs. Clare Benjamin, owner of Brockway Bakery, Mr. and Mrs. James Jacka, and Robert McDonald all of Sacramento, were houseguests of Mr. and Mrs. Jay P. Hill over the weekend at their home in Kings Beach.

Max Kreuger and Bake Frye are instructing 19 pupils of the 4th, 5t hand 6th grades of Kings Beach School in the use of firearms, a course in hunters safety. No youngsters can get a license until they have a certificate to prove they have the correct knowledge of the use of guns.

The North Tahoe Community Club will meet in Carpenters Hall at 8 p.m. on March 29 when Frank Paoli, Placer County supervisor, will be the principal speaker.

TAHOE WEATHER
TAHOE CITY—Only two gates were open at the outlet of Lake Tahoe Monday and the level stood at 6225.93 feet. Below normal temperatures have prevailed during the past week, with a high of 45 recorded last Friday and a low of 14 on Sunday. No precipitation was registered by Art Frodenberg, cooperative observer.

SPRING MUD WON'T STOP THESE 'Jeep' 4-WHEEL-DRIVE VEHICLES
They Get Through When Others Fail

UNIVERSAL 'Jeep'

'Jeep' 4-wheel-drive vehicles are rugged, hardy and built to withstand brutal day-by-day usage. 4-wheel-drive traction gets them through mud, muck, sand, ice or snow when others fail. They can climb grades up to 60% fully loaded.

'Jeep' TRUCK

The uses of these sturdy 'Jeep' vehicles are almost numberless. Example: they can carry power driven machinery to hard-to-reach places . . . with the power take-off, they can supply the power.

Low first cost, and low maintenance and repair bills make 'Jeep' vehicles easy on your budget.

School News

TRUCKEE ELEMENTARY

Kindergarten: During game time this week we have been playing new versions of the old game "Drop the Handkerchief." John and Charles Collier celebrated their sixth birthday at school recently.

First Grade (Mrs. Croxen's): The weather has been cold a good deal of the time this month and so the children have spent much of the physical education time indoors. Diana Pankoke, Joe Frates, and Margo Morales brought us some records for games. The PTA also bought us some records.

First Grade (Mrs. Bissett's): Now that winter weather does not allow us to have outdoor recess everyday, our first grade is learning to choose and conduct their own indoor games.

Second Grade: We have had singing games for physical education.

Third Grade: In reorganizing our physical education program, the equipment monitors are Daryl Breakfield, football; Raymond Maynard, softball; Barbara Steele, jump rope; and Bonnie Fair, volley ball.

Fourth Grade: Team II made up of Janice Eaton, Helen Kohl, Pamela Rose, Maria Elena Fuentes, Joey Straub, Gene McGihon, Fred Steele, Joe Parkhurst, and Rickey Colston, are leaders in the games.

Fifth Grade: With the approach of spring weather, baseball bats, gloves, and balls have been making an increasing appearance on the playground. Such mighty sluggers as Juaquin Fuentes, Mike Armstrong, Richard Donnis and Barry Leamon have been lofting the ball high and far, while baserunners such as Charles Berger and Mike Kumle have been burning up the bases.

Sixth Grade: The class had a dance last Friday evening and had the fifth grade as their guests. The Douglas Wilsons, Muriel Frey and Lynn Kishbaugh chaperoned the affair. Carol Patnoude, Ronnie Borden and Clark Kidd were the committee in charge.

Mrs. Marcia McLane last Monday gave the sixth grade and interesting account of life in rural Mexico.

DONNER TRAIL

On Monday this week we all tasted goat's milk. Most of the boys and girls could not tell the difference between goat's milk and cow's milk. After we all had tasted the milk we made some butter with the remaining milk.

LAKE TAHOE

The second, third and fourth grades took their weekly mental trip to other lands.

Fifth and Sixth Grade: The sixth grade has been concentrating on the multiplication of fractions and the fifth grade has been reviewing the addition and substraction of like fractions. The following students received perfect papers in their last social studies test: Vic Sartor, Parky Bechdolt, Binth Rustad, Kenneth Wilson, Trent Giannini, Jo Ann Pomin, Steve Randal and Randy Pomin.

KINGS BEACH

Kindergarten and First Grades: We observed St. Patrick's Day by having each child cut out a shamrock and wear it for the day. Cathy Rockholm was six years old Friday.

Second and Third Grades: Our class won the thrift banner this week for the third week in succession. We also won the attendance record at the PTA meeting Thursday night, having 18 parents present. David Mills brought a Chinese coin to share with us. Jerry Hill has been ill for several months but plans to return to school Monday. We will be happy to see him.

Fourth, Fifth and Sixth Grades: Progress has been very good in arithmetic. The fourth grade is working on multiplication and division and the fifth and sixth grades are working with fractions and multiplication by fractions.

SERVICE CLUBS IN JOINT MEET HEAR TALK ON PROGRESS

KINGS BEACH—A joint meeting of the Brockway, Truckee and Tahoe City Rotary Club and the 20-30 Club of Truckee was held at the Crystal Bay Club on Monday night, March 21, with 77 members of the various clubs in attendance.

President Asa Abbott of the Brockway Rotary Club, introduced W. E. (Bill) Jansen, district governor of the 164th District and past district governors, Tate William of Reno, Paul Clairborne of Auburn and Charles Heller, district chairman of the Truckee Lions Club. Incidentally, Mr. Clairborne was the founder of the 20-30 clubs. Visiting Rotarians from Reno, South Lake Tahoe and Auburn were also present.

Chairman Jim Sherritt of the Truckee Rotary Club presented the speaker of the evening, Harland P. Wendell of the E. L. du-Pont Nemours and Co. Wendell, a most capable speaker, presented his subject, "Progress Must Be Created." A summary of the talk will appear in an early issue of this newspaer.

WOMEN'S CLUB TO HOLD BINGO PARTY

KINGS BEACH—North Tahoe Women's Club is going to have their first spring luncheon on Monday, March 28 at 1 p.m. at the Crystal Bay Club. An afternoon of bingo will be played. Reservations must be in not later than Friday, March 25 and may be made with Camy Althof.

NOTICE OF INTENTION TO ENGAGE IN THE SALE OF ALCOHOLIC BEVERAGES

March 15, 1955

To Whom It May Concern:

Subject to issuance of the license applied for, and commencing not less than 15 days after the date posted, notice is hereby given that the undersigned proposes to sell alcoholic beverages at these premises, described as follows:

2¼ miles South of Soda Springs, Placer County

Pursuant to such intention, the undersigned is applying to the Department of Alcoholic Beverage Control for issuance on original application of an alcoholic beverage license for these premises as follows:

On-Sale General (Seasonal Quarterly) License

Anyone desiring to protest the issuance of such license may file a verified protest with the Department of Alcoholic Beverage Control at Sacramento, California, stating grounds for denial as provided by law. The premises are not now licensed for the sale of alcoholic beverages.

ICE LAKES CHALET, INC.

The starfish does not put its food into its mouth; it sends its stomach out to envelope and digest its prey.

DONNER DANCERS HOSTS

The Donner Dancers were hosts to four couples and their caller who joined the local square dancing group Saturday evening. The affair concluded with a potluck supper.

WHAT'S DOING

Charles F. Berlenbach, Jr., Telephone Manager in Truckee

Films Available to Organized Groups

Organized groups in this area may obtain specially produced films on various telephone subjects of public interest.

These films are 16mm sound, in color or black and white. A wide range of films are available. A few of these are: The Story of Alexander Graham Bell, Telephone Courtesy, Coxial and microwaves as Used in Television, Prevention of Fires, The Telephone Hour, and many others. In addition there are several excellent films designed for children which assist them in learning how a telephone operates and how to use it.

Bookings for films or booklets with descriptions and pictures of films may be ordered for organized groups by calling the Business Office, Truckee 50.

Red Cross

The basic strength of the Red Cross is in its nearly two million volunteer workers who outnumber the paid workers more than 100 to 1 and this, the month of March, is the annual drive all over the Nation to get funds to support the great work they are doing. Give them the tools and the money to work with . . . and give generously!

* * * * *

A calling card you can use again and again

If you do much traveling, a Bell System credit card is just the thing for you. It's free. And you can use it to charge long distance calls from any Bell telephone and from most others anywhere in the country. Our business office will gladly give you more information about these handy cards. So why not ask about one soon. Your credit card will make it even easier to keep in touch with home and make business calls at today's bargain long distance rates.

* * * * *

When you go visiting by telephone, it pays to know the "address"

You probably keep handy the addresses of your relatives and close friends. It's a real time-saver. And it's the same with out-of-town telephone numbers. For, on long distance calls, you'll reach the person you're calling a lot faster if you can give the operator his number—his telephone "address", so to speak. In fact, out-of-town calls go through twice as fast when placed by number. So why not save yourself time by keeping track of the out-of-town numbers you call. We'll be glad to give you a free booklet to list them in. Just call your telephone business office and we'll mail it to you. Pacific Telephone.

REMEMBER?

Man's ability to forget is stupendous. A noted psychologist affirms that 90 per cent of all learning seems to be forgotten within 24 hours. Another famous doctor believes that a man remembers about one-tenth of what he hears, three-tenths of what he sees, five-tenths of what he both hears and sees; but what he remembers he is likely to remember incorrectly.

Which is why we have to again remind you that the greatest bargain in your budget today is your . . .

From where I sit ... by Joe Marsh

Finally Talked Herself Out

A certain talkative young lady almost spent a night locked in "Doc" White's drugstore.

She entered Doc's store about 11 PM, going directly to the pay phone. At eleven-thirty Doc went home—not having seen a customer for a half hour. Around midnight he got a call from the store ...she had *finally* run out of conversation (and money) and found the front door locked tight.

Doc vowed he'd leave her there to teach her a lesson. But Mrs. W. spoke up: "Now you go turn her loose. It's hard to cut a good conversation short — something only a woman understands!"

From where I sit, however, plenty of men are as hard to pry away from a telephone as any female. Some people are just naturally long-winded, while others are the silent type—just as some of us like coffee and others prefer a glass of beer. The important thing is to be *considerate*...before friends start giving us the "busy signal."

Joe Marsh

Loma Sorensen Named Homemaker At Local School Examination

Loma Sorensen has been named the homemaker of tomorrow in Tahoe-Truckee High School.

She received the highest score in a written examination which tested the homemaking aptitude of the senior girls in her graduating class. Loma will receive a golden award pin, cookbooks for herself and her school, and will be entered in competition to name this state's candidate for the title of Betty Crocker American Homemaker of Tomorrow.

The national winner (in this search conducted among 187,463 young women in 8040 of the nation's public, private and parochial high schools) will be named April 21 at an American table fete in Philadelphia.

California's representative in the national finals will be chosen from 252 school winners in the state. A total of 13,434 California girls participated in this program sponsored by General Mills to assist schools in building in young women a deeper appreciation and understanding of the American home and the personal qualities necessary to successful homemaking.

No Solution Of Local Robbery Announced

Another Truckee robbery has apparently gone down in the records as "unsolved."

Officers have failed to turn up a suspect in the theft of $180 in March of Dimes and school lunch money taken from the office of the Truckee Elementary School here a month ago.

Constable N. F. Dolley said the case was immediately turned over to the sheriff's office following his summary investigation but nothing has been reported regarding any further action in the case.

This is only one of a number of similar instances which have never been cleared up.

The average per capita income of Californians in 1953 was $2039, 19 per cent higher than the national average.

TAHOE RED CROSS CHAIRMAN TELLS OF MANY BENEFITS

TAHOE CITY—Marie Henry, first aid instructor, and Home Service chairman of the American Red Cross in Tahoe City, received interesting information this week from the Red Cross Pacific Area headquarters, some parts of which she believes should be relayed to all public-spirited residents. She says, the more of the public who are "first aid conscious," the fewer will be the accidents and disasters throughout our country.

This area's Red Cross manager, Sam B. Montgomery, writes that, as the present Red Cross campaign opened for the season there were already countless victims—of tornados, floods and volcanoes, receiving Red Cross assistance throughout the United States, Hawaii, and Australia.

The Red Cross offered aid, through ARC, to a flood stricken area near Syndey Austrlia, where 50 communities were inundated, and an estimated 40,000 people were left homeless, according to Montgomery's letter. Among the southern states of our own country, he says, several thousand flood victims, left homeless by the overflow of the Big Sandy and the Guyandot Rivers, were given food and shelter by the Red Cross.

Two trained first-aiders, Oliver DeLozier and Daryl Heckman, PTT linemen of Reno, were recently awarded Red Cross certificates of merit when their fast efficient work saved the life of Mrs. Adelaid Elliott of Gabbs, Nev. She was driving when a large bird shattered her windshield and the flying glass slashed an artery. The woman had lost half her blood when the linemen, finding pressure compresses ineffective, applied digital pressure, and DeLozier maintained this pressure through a two-hour race with death to Fallon, Nev., and Red Cross treatment.

Mrs. Henry conducted the first of her first aid classes for this season at the Tahoe Lake School on Tuesday evening, March 22. Only a few members were scheduled for this class, but several others are joining next week. Mrs. Henry says that anyone whose card is due to expire soon, may enter a refresher course of nine hours durations, which makes them eligible for a new card of three years.

TEACHERS GROUP PLANS BENEFIT

KINGS BEACH—April 16th, the Tahoe-Truckee Education Association is sponsoring a benefit scholarship dance, under the chairmanship of Mrs. Katherine V. Wing, at the Crystal Bay Club.

A four-piece dance band will furnish the music for the occasion.

The teachers of the district will prepare the supper, which will be served at midnight.

The proceeds will go toward the annual scholarship which is given each year to a worthy graduating student from the Tahoe-Truckee Unified High School. Tickets may be obtained from any teacher in this district.

QUAM LEADS SKIERS AT ANNUAL MEET

Dodge Ridge Ski Club's annual class C championships drew numerous entries from Truckee this past weekend. Although the locals expected to place in some events, certainly no one expected them to do as well as they did.

In the men's downhill races held on Saturday, the TAC team virtually made a clean sweep when Jerry Quam won the event, Noel Cox was third and Bob Tonini took fourth place.

In the women's division of the downhill, Mary Ann Tonini, a consistent winner for the TAC this winter, took a well-earned fourth place.

In the slalom events, held on Sunday, Jerry took a ninth, after missing a gate on one of his runs and Mary Ann again took a fourth in the women's division.

These showings by our younger skiers demonstrate real talent, when considering that this meet was for the state championships and brought statewide competition. May their success in future races be equally as fruitful.

The TAC wishes to express its thanks to Jack Lambries and Joe Copeland for providing transportation to Dodge Ridge.

From Valley—

Mr. and Mrs. James Leamon and son, Jimmy, of Grass Valley were weekend guests of Mr. and Mrs. Robert Leamon.

TAHOE SKI CLUB TO HOLD MEET SUNDAY AT SQUAW VALLEY

The Squaw Valley-Lake Tahoe Ski Club will hold a junior invitational meet with giant slalom and jumping on the agenda in Squaw Valley, Sunday, April 3.

The events will include the senior, intermediate and junior classes to begin at 10:30 a.m. for the slalom and 2:30 p.m. for the jumping events. A 6:30 banquet will take place in Tahoe Inn at Tahoe City when trophies will be presented the winners.

Officials will include Gordon Butterfield, course setter; Ray Fellow, referee, who will be with Jack Starratt at the telephones Mr. and Mrs. Starratt and Pat Riley will be timers; Pat Butterfield Betty Baker and Jackie Wilson will be recorder; Carl Bechdolt, Jr., Jerry Wetzel, Rex Mikelson will judge the jumping, Jim Stuart and Butterfield will be marker, Starratt, starter.

Jones Have Grandson—

Mr. and Mrs. Allen Jones of Donner Lake received word that they are grandparents, a son having arrived recently for their son-in-law and daughter, Mr. and Mrs. Walter Lane at Alameda.

Visits Father—

Chester Zunino left for Wilton on Thursday following a visit with his father, Jerry Zunino.

Governor Asks Survey Of Facilities Needed For Civilian Defense

Goodwin J. Knight, governor of the State of California, through the Office of Civil Defense has asked the people within the boundaries of Nevada County an intensive survey by the Nevada County Civil Defense Department. The purpose of this inventory is to determine the facilities available in this county and within the cities, in the event of an emergency. The state is particularly interested in determining the people who could possibly have the space and facilities to provide board and room for the people who would come in from the disaster area. We must have this inventory to determine the capacity of the State of California, with the help of the peole in this county, to provide care for its people in the event of a civil emergency.

There is no obligation to this request unless an emergency should become a fact.

Any person residing within this county who would have an extra bedroom or any facilities such as a guest cottage, should make it their duty to inform the Nevada County Civil Defense Department. In the interest of time, it would be impossible for the Civil Defense Department to actually contact each home. We are therefore asking that those people who do have facilities whatever, to please call the county service officer at Grass Valley 336, or to fill out the attached questionnaire and mail it to the Nevada County Office of Civil Defense, 225 South Auburn street, Grass Valley, or to the supervisor of your district. The Nevada County Office of Civil Defense will comply with the governor's request by establishing a registry of such facilities.

It must be realized by all of the people in this county that in the event of a national disaster or an act of war, that this county will be classed as a holding area, and many thousands of people will be shuttled to this area by the State of California. Therefore the Civil Defense Department is attempting to determine the facilities that we have, and we ask the cooperation of every American citizen to help us make this survey.

RIGHT TO CLOSE ROAD IN STORM IS UP TO LOCAL MEN

"Absolute authority to determine whether a road should be opened or closed to traffic during adverse snow conditions must be vested in the local supervisor in charge of snow removal."

This in part is a reply to a question put by Harold Welch, president of the Truckee Chamber of Commerce, to the Department of Public Works relative to the closure of Highway 40 on February 26 and 27 during a snow storm.

Some criticism of the division of highways was voiced over the closing of the highway during the busy weekend by a comparatively light storm, and Welch, in the interest of local business people and resort owners, asked if the closure was necessary.

The reply was emphatic. It pointed out that the highway was closed February 27 because of low visibility and continued closed the following day because it was "very gusty at times over the Summit, even to the extent that the man in charge of snow removal at one time was blinded and ran into a snow bank."

The real reason, however, according to the reply, was the prevalence of small snow slides on the first mile easterly of the Summit. These slides, the letter said, while not in big proportions, were severe enough to be "extremely hazardous to traffic."

"The department is responsible for the safety of traffic and while several state employes have been killed in working under blizzard conditions, no motorist has ever lost his life on a California highway because of snow conditions," the letter said. "It is hoped that this record may continue, and its continuance will require that absolute authority to determine whether a road should be opened or closed to traffic during adverse snow conditions must be vested in the local supervisor in charge of snow removal."

See Family—

Mr. and Mrs. Robert Bowers and daughter, Kristine, of Reno have been visiting at the home of Mr. and Mrs. G. Gini.

Spring Arrival Celebrated—

William Curran celebrated his birthdate on March 21, the first day of spring.

Improving—

Mrs. G. Gini is reported improving in Tahoe Forest Hospital following an illness.

At Hospital—

Mrs. Betty Aro and Brant Chaplin are two Soda Springs residents who are Tahoe Forest Hospital patients this week.

At Bay—

Mr. and Mrs. William Dugdale of Tahoma have spent their time between there and Berkeley during the winter.

In Capitol—

Bud Owens was a business visitor at the Capitol in Sacramento last week.

Visits Hospital

Dr. Whitfield Crane, formerly chief of the surgery staff at the Merritt Hospital at Oakland, is here this week and as the guest of Dr. L. D. Nelson is making a tour of the Tahoe Forest Hospital to inspect facilities and routine.

CARD OF THANKS

I am most appreciative to the staff of the Tahoe Forest Hospital and to our friends who were so kind during my recent hospital stay.

MRS. HARRY EATON

TRUCKEE

This week it is my pleasure to commend one of our tireless workers, one who has never said no and who is always available when we call for his services, which is often; I'm speaking of Bill Englehart, Jr., your chamber's artist and painter. We certainly do appreciate the splendid work you have been doing for us, Bill, so I'm taking the liberty of letting the community know too.

* * *

Cooperation and a community spirit build good towns into progressive cities. By the same token the combined efforts of allied communities improves a wider area. It pleases me very much to see this kind of combined effore working very effectively in our area. At our last Chamber meeting I appointed Rex Thomas, our progressive jeweler, as a committee of one to secure easement rights for us to erect a large at the Kings Beach end of the Brockway cutoff, advertising Truckee and Route 40. I'm happy to report that the Kings Beach Boosters Club is going to erect such a sign for us, advertising Truckee shopping just 12 miles away. Let's hope that Placer County continues to improve this very vital access route, so that one day soon we may have it designated as a state highway.

* * *

Bouquets to our own Senator H. T. Johnson for his tireless efforts in our behalf on the Washoe Project. He has amended his senate bill to increase the membership on our state's Interstate Water Compact Commission, to seven member, thus assuring our area a greater representation on this commission. Thank you, senator.

* * *

Let's freshen up our community this spring with an all-out war on rubbish and trash in our streets and alleys. If we all do just a little, it will improve our town's appearance 100 per cent.

* * *

Don't forget your Chamber meets once a month now, at the High School Cafeteria, after dinner, 7:30 p.m. A worthwhile and interesting program is being arranged for each of these meetings.

—HAL WELCH.

TRAVEL SMILES BY Merry Miles

Have you ever been on a hayride? Lots of fun, aren't they? There's something about group travel that creates a warm, carefree spirit of conviviality.

I know about something that I think is even **more** fun than a hay ride! That's a trip aboard a Greyhound Chartered Bus. Except for the hay, it's got everything a hayride has, plus much more.

DO AS YOU PLEASE

You and your group can relax in a comfortable, weather-conditioned Greyhound Chartered bus and do just as you please: Sing, play musical instruments, conduct a meeting, or just plain talk and watch the scenery. Your group can charter one bus or a hundred, for an evening or for an entire year. Furthermore, you can go wherever you wish, whenever you please, and make as many stops as you desire. The bus will pick up and discharge members of your group at the central points **you** choose.

And here is what I think makes Greyhound Charter Service stand head and shoulders above any similar service: **Dependability.** It gives you a warm feeling of security to know you're riding in expertly-serviced, first-rate equipment of the world's largest transportation system. And your "chauffeur" also happens to be one of the world's finest, best-trained drivers.

COST EXTREMELY LOW

The cost? It's often less per person than regular lower than low Greyhound fares. You may be wondering what type of groups use Greyhound Chartered Buses. The answer is: Every imaginable type. This includes clubs, lodges, churches, schools, convention groups, sport fans attending games, military units, big "name" bands and many more.

Next time **your** club or organization is planning group travel, just remember, "It's smarter to charter a Greyhound!" Please see your local Greyhound Agent for more information.

So long for now. This is Merry Miles saying, "I'll be seeing you and you'll be seeing America—**best** by Greyhound!"

Tarzan

by EDGAR RICE BURROUGHS

TARZAN HAD BEEN TRAPPED IN AN APE'S BONE-CRUSHING GRIP-- BUT NOW HE EXERTED A TREMENDOUS SURGE OF STRENGTH!

AFTER AN EXHAUSTIVE STRUGGLE, THE TIDE OF BATTLE TURNED, AND TOMAK WINCED FROM THE PRESSURE OF MIGHTY SINEWS. "KAGODA!" HE CRIED, AS HE SURRENDERED TO TARZAN.

"THEN HEAR ME!" SNARLED THE APE-MAN. "YOUR TRIBE HAS ATTACKED YALONGA. ONE OF YOU HAS KILLED AT THE VILLAGE--WHY?"

"NO!" DENIED TOMAK. "GOMANGANI ATTACK FIRST AND WE MUST FIGHT BACK FOR OUR OWN PROTECTION--"

TARZAN PONDERED OVER THE REASON FOR THE CONFLICTING TALES. NEITHER OF HIS FRIENDS WOULD LIE, THUS THERE MUST BE SOME OUTSIDE INTERFERENCE, EVIL AND UNKNOWN.

AND INDEED HIS THEORY WAS CORRECT, FOR TWO DISTANT FIGURES WERE WATCHING WITH FASCINATION AND INTEREST--THE DIAMOND THIEVES FROM KIMBERLY!
